1 Online Diagnostic Test

The test provides you with examples of each question type. After you have taken the test, notice how many questions you got right & wrong, how long it took you to answer each question and how often you skipped question. Look for the patterns. Are you stronger in some areas than others?

Benefit from in-person, comprehensive instruction by our expert trainers at our conveniently located campus. Perfect for students who want to complete prep in a concentrated amount of time.

3 Practice, Practice, Practice

Our coursebook and online companion* come with practice, including computer-adaptive tests. Take some time to familiarize yourself with the course materials. We have all the tools you'll need to conquer the GMAT on test day!
